A Euro Souvenir banknote under UV light

Enhance your brand image by issuing your own Euro Souvenir banknote with your attraction on it. Make your attraction a part of the popular collection of novelty banknotes showing Europe's major visitor and tourist attractions

International Popularity

The 0 Euro notes are very popular, even outside of Europe. Here is one example of a motif that was printed for Mount Fuji in Japan

Why choose the Euro Souvenir for your attraction?

The Euro Souvenir banknote is a new and innovative product for visitor and tourist attractions in Ireland. It is popular with all age groups, and as it looks and feels like the real Euro banknotes, it raises eyebrows and leads to great excitement. Surprise your visitors with a banknote of your own attraction!

The Euro Souvenir banknotes are produced from a high quality photo, image or drawing

Popular souvenir in Europe and beyond

The Euro Souvenir banknotes have become a very popular souvenir in many EU countries in a short period. There are now more than 1000 different motifs available of Europe's major tourist sites in many different countries, e.g. France, Spain, Italy, Germany, Netherlands, Slovakia, Portugal, Finland, Switzerland, the Vatican and more. From 2019, tourist attractions in Ireland can get their own Euro Souvenir banknotes.

This is the backside of the Euro Souvenir that shows a collage of some of the best-known tourist attractions in Europe.

The Euro Souvenir aka. 0 Euro Banknotes

The Euro Souvenir was developed explicitly for tourist's and visitor's attractions across Europe. It is a novelty banknote like a souvenir that can be customised with an image of a tourist attraction, and made exclusively available from that attraction to its customers.

The Euro Souvenir has become a very popular souvenir that is now available from hundreds of the major tourist attractions across Europe. These businesses can use it to **enhance their brand image and customer experience** with their own dedicated banknote.

And tourists and visitors really love it! It is a new type of souvenir that raises eyebrows and brings joy to people. The Euro Souvenir looks and feels like a real Euro banknote. It is printed on banknote paper. It has all the security features like the Euro currency banknotes (watermark, silver stripe, tactile marks, UV fluorescent ink and more). And will show as genuine banknote if tested with UV light or a banknote tester pen.

Here are some recent examples

The quality of the print is excellent and very detailed
